Penthouse with Direct Lift Access, Panoramic Views and Roof Terrace Overlooking Gladstone Park

Positioned on the top floor of a modern building constructed in 2016, this striking two-bedroom penthouse apartment offers a rare blend of privacy, scale and architectural individuality. Accessed directly via a private lift, the apartment opens into an expansive 8m by 4m reception room, with floor-to-ceiling glass drawing in natural light and delivering spectacular rooftop views.

The layout has been thoughtfully designed to maximise both indoor and outdoor living. A standout feature is the vast private roof terrace measuring approximately 9m by 4m, offering unobstructed views across the greenest stretches of Gladstone Park.

The principal bedroom includes built-in storage and a sleek ensuite, while the second bedroom sits adjacent to the main bathroom. Both rooms enjoy excellent light and a real sense of space thanks to the full-height glazing.

On the ground floor of the building is a library with a community café, ideal for weekend coffees or quiet work time.

A unique property by every measure in terms of style, layout, and position.
