# Flood Risk

## Surface Water - Flood Risk

This map shows the chance of flooding where rainwater has nowhere to drain. This kind of flooding can occur far from rivers or seas.

Risk Rating: Very low

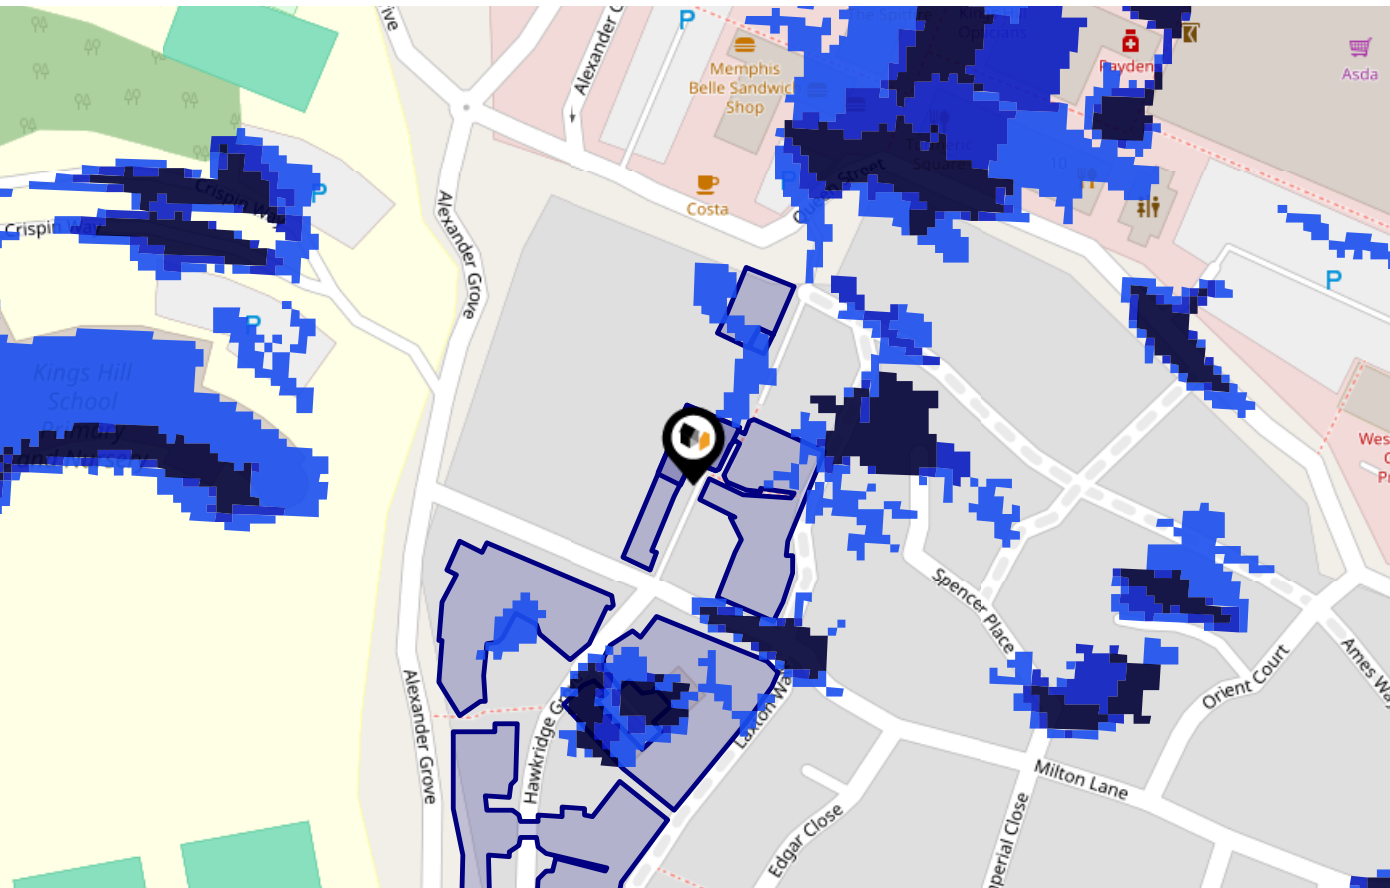

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.25%) in any one year.
- Very Low Risk** - an area in which the risk is below 1 in 1000 (0.25%) in any one year.

Chance of flooding to the following depths at this property:

This map shows the future chance of flooding **between 2040 and 2060** where rainwater has nowhere to drain. This kind of flooding can occur far from rivers or seas. The government climate change models cannot predict exactly when the chance of flooding will go up. It could happen at any time during the time period.

Risk Rating: Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.
- Low Risk** - an area which has a chance of flooding of greater than 1 in 1000 (0.1%) in any one year.
- Very Low Risk** - an area in which the risk is below 1 in 1000 (0.1%) in any one year.

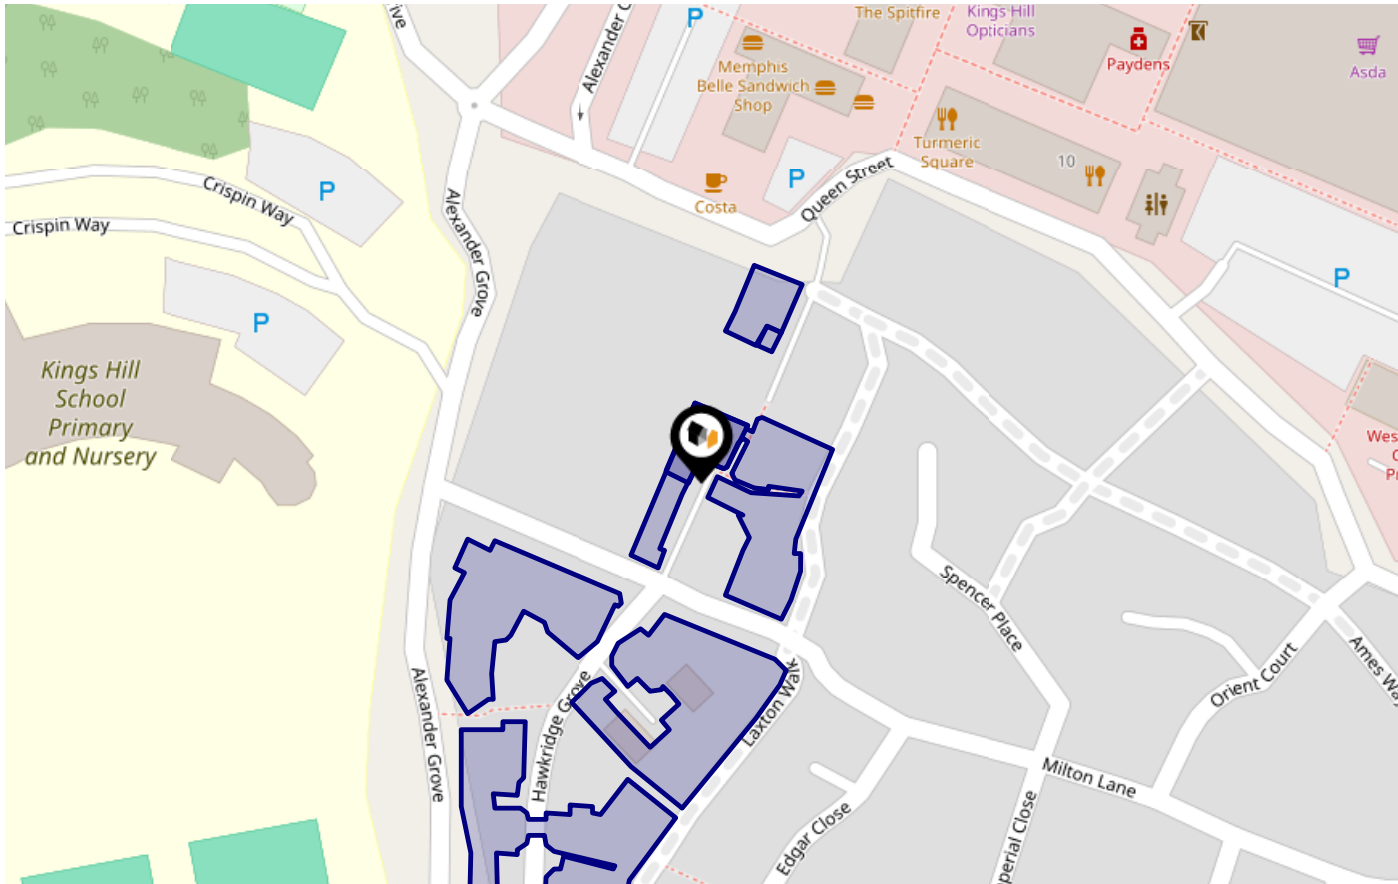

Chance of flooding to the following depths at this property:

# Flood Risk

## Rivers & Seas - Flood Risk

This map shows the chance of flooding from rivers and / or the sea, taking into account flood defences and their condition.

**Risk Rating:** Very low

The map does not contain sufficient information for it to be used to determine flood risk to individual properties, but it does give you an indication of whether your area may be affected by surface water flooding at this risk level.

- High Risk** - an area which has a chance of flooding of greater than 1 in 30 (3.3%) in any one year.
- Medium Risk** - an area which has a chance of flooding of greater than 1 in 100 (1.0%) in any one year.

This map displays nearby coal mine entrances and their classifications.

### Mine Entry

- ✕ Adit
- ✕ Gutter Pit
- ✕ Shaft

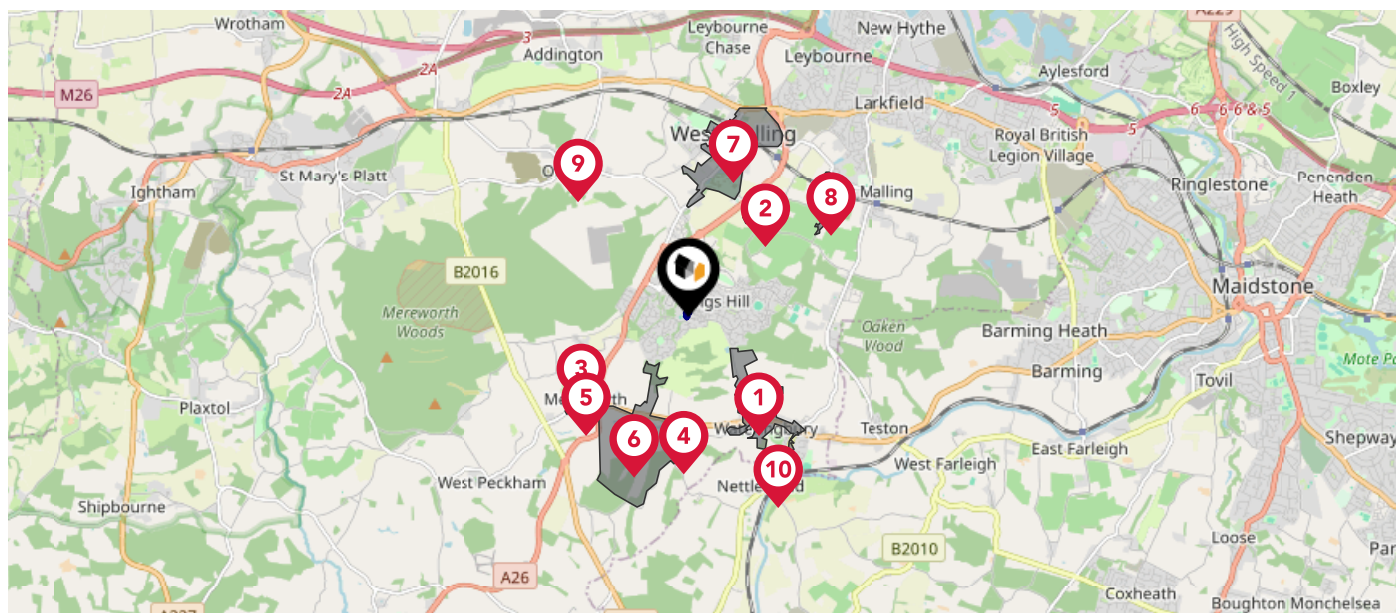

The Coal Authority has records of over 175,000 mine entries within the UK captured in the National Coal Mining database, derived from sources including abandonment plans, geological and topographical plans.

Coal mining activity is recorded as far back as the 13th century, but prior to 1872 there was no requirement to deposit abandonment plans. It is therefore believed there may be many unrecorded mine entries of which the Authority has no information or knowledge. These entries do not, therefore, appear within the Authority's national dataset as shown on this map.

# Maps

## Conservation Areas

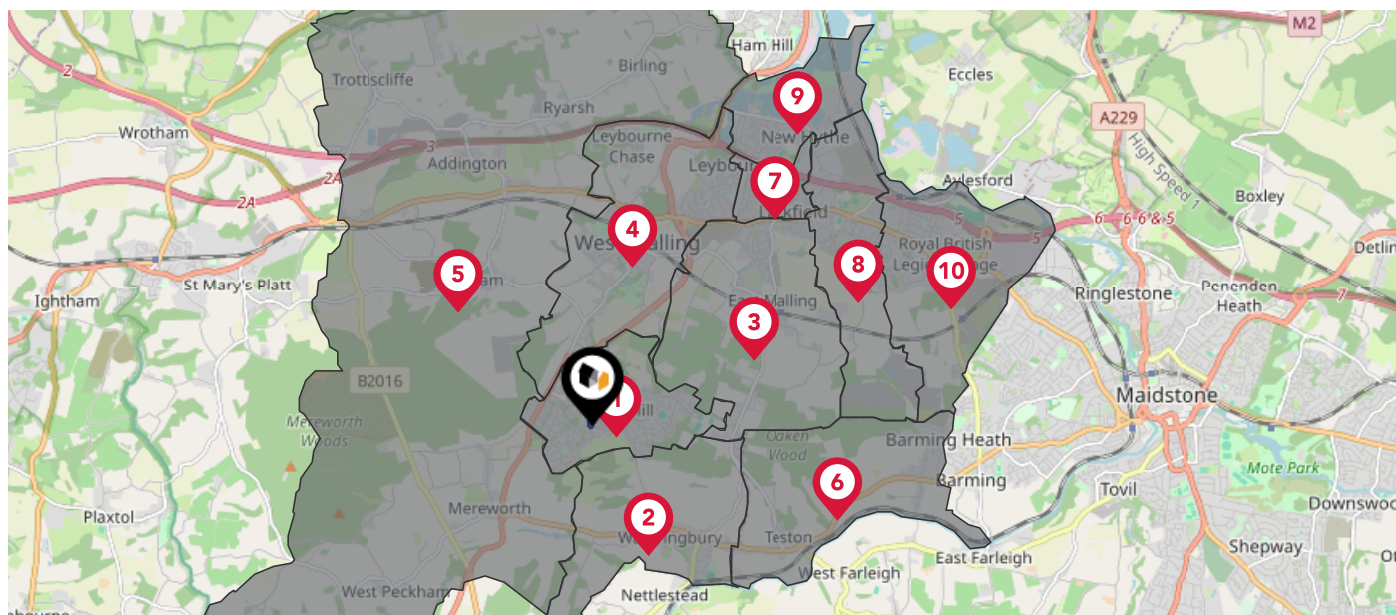

This map displays nearby official conservation areas. Every local authority in England has at least one conservation area. Most are designated by the Council as the local planning authority, though Historic England and the Secretary of State also have the power to create them.

### Nearby Conservation Areas

- 1 Wateringbury
- 2 New Barns and Broadwater Farm
- 3 Butchers Lane, Mereworth
- 4 Pizien Well, Wateringbury
- 5 The Street, Mereworth
- 6 Merworth Castle
- 7 West Malling
- 8 Mill Street, East Malling
- 9 Offham
- 10 Wateringbury

The UK is divided into wards that are used for local elections to elect local government councillors. Sometimes these are known as 'electoral divisions'. Population counts can vary substantially between wards, but the national average is about 5,500

### Nearby Council Wards

### NEIL JOHNSON PROPERTY AGENTS

---

Neil Johnson Property Agents is a distinguished independent firm dedicated to providing personalised and expert property services. With a rich background in the property industry dating back to 2001, I have assisted hundreds, if not thousands, of individuals in moving to their ideal homes. Drawing upon years of experience and in-depth knowledge of the market, I have established my own company with a steadfast commitment to easing the often-daunting process of moving.

### Testimonial 1

Neil has been an absolute star - he takes the time to explain his services and what you may need to do to your home prior to putting it on the market, in order to maximise the sale price. He is trustworthy, hugely experienced and an excellent communicator. I wouldn't hesitate to recommend him to family and friends.

### Testimonial 2

Neil acted for me on the potential sale of my house. I found him professional, informative and very supportive. Excellent communication and works hard to achieve your requirements. Would not hesitate to use him again or recommend him to potential sellers.

### Testimonial 3

I found Neil very professional, keeping in contact with me updating me on progress and willing to go the extra mile. Nothing was too much trouble. Highly recommend him.

### Testimonial 4

A well deserved 5 stars. Neil helped with the purchase of our new house. We were kept well informed thought out, he even chased the estate agents selling our house to give me the much needed updates i was not getting and was the main person pushing the chain through. I wish we used him to sell our house. We have recommended Neil to two others, who are now selling their properties through him. Definitely would recommended.
