Description

21 Gull Road is a modern four bedroom detached family home built circa 2002 with brick elevations under a pitch tiled roof. The property is positioned at the end of a cul de sac set amongst similar style properties and has been well maintained during the current vendors tenure with particular attention having been paid to the front and rear gardens which have been beautifully designed and created by the current vendors.

The accommodation is well laid out over two floors. A front door flanked by pretty roses and Espalier apple trees, leads to the entrance hall where stairs rise to the first floor landing. Here there is understairs storage and a wall mounted radiator. From the entrance hall doors lead off to the reception rooms. The first of these is the dining room which has window to front, a wall mounted radiator, laminate style flooring and double doors opening into the sitting room. This is a well proportioned room with a central Living Flame gas fire on a stone hearth with surround and wooden mantle over. Laminate style flooring. There are wall mounted radiators and double doors opening to the conservatory. This room takes in magnificent views of the garden and has a polycarbonate roof, independent electric panel heaters, wall mounted radiator and ceiling fan. There are windows to the rear and a door to the garden. Ceramic tiled floor. From the entrance hall a door leads to the study with a window to the front, a range of wall mounted shelves that will remain. Wall mounted radiator and laminate style flooring. A further door leads to the downstairs cloakroom with obscured window to side, close couple WC, hand wash basin and part tiled walls. Wall mounted radiator. A door leads to the kitchen with window to the rear and door to the garden. With a matching range of fitted wall, base and display units with one and a half bowl single drainer sink unit with mixer tap over and tiled splash backs to roll top work surfaces with space and plumbing for a washing machine and a dishwasher which will remain as part of the sale. There is further space for appliances as well as a wall mounted radiator, ceramic tiled floors and water softener. Five ring gas hob with electric oven under and extractor hood over.

Stairs rise to the first floor landing with two accesses to the loft which is part boarded. There is a loft ladder. On the landing is an airing cupboard with pressurised water cylinder. The principal bedroom is a large double and has window to front, wall mounted radiator and built-in wardrobe. A door leads to an en-suite shower room. This has an obscured window to front, built in shower cubicle and mains fed shower over with tiled surround, close couple WC and hand wash basin with cupboards under and shelf and mirror above. Shaver point and wall mounted radiator. Vinyl tiled floors. Bedroom two is a guest double bedroom with built-in wardrobe, window to front and wall mounted radiator. Wall mounted radiator. Vinyl tiled flooring. Bedroom three is a good size single bedroom currently used as a dressing room to the principal bedroom with a large fitted mirror fronted wardrobe with hanging rail and shelf above which will remain at the property as part of the fittings. Bedroom four is further single room with window to rear and built in wardrobe with sliding doors to front with hanging rails and shelves. It has a wall mounted radiator and further single built-in cupboard.

Outside

The property is approached from the front from the highway via a shared driveway that provides access to four properties including number 21 and leads to the private block paved driveway providing parking for two vehicles, with a further parking space in front of the single tandem garage. There is a garden to the front of the property with a path that leads from the side drive to the front door with Espalier apple trees on the front walls and roses above the door, enclosed by latticework hedging.

A pathway with gated access leads to a private terraced area immediately behind the property which wraps itself round the conservatory and leads to the personnel door of the garage. This has power and light connected with a 7' up and over door. The rear garden is a most beautiful setting and has been specifically created to give privacy and to attract wildlife to the garden. There is an area to the side where there is an enclosed vegetable patch and a pergola covered with vines to provide shade and scent, leading to another terrace at the rear of the garden where there is a beautiful Wisteria and fanned Mulberry Tree, again offering a good degree of privacy and seclusion. The main garden itself is mainly laid to lawn with shaped flower beds with established trees and shrubs including Peonies. It is a truly interesting garden with a fanned Fig and Cordon apple tree with a Laburnum and olive trees providing privacy. There is also an outside tap.
