Location

Coopers Wood is located on what is known as the High Street in a standalone position on the A144 which is between the A12 and Halesworth. It is a pleasant position surrounded by farmland. Just over a mile away is the village of Bramfield with its well known pub/restaurant The Queens Head, and its well stocked village store/butchers. Saxmundham with its choice of shopping is about 6 miles to the south. The villages of Dunwich and Walberswick and the popular town of Southwold are all within easy reach. 'Minsmere' the renowned RSPB bird sanctuary is a great location for both birdwatching and coastal walks. The market town of Halesworth is 4 miles to the north west and provides a good range of local shops and recreational activities. Ipswich, the County town of Suffolk, is 26 miles away and is accessible via by the nearby A12. There are railway stations at Darsham (1.5 miles) with a regular service to London Liverpool Street station, via Ipswich.

Description

Coopers Wood is a detached three bedroom bungalow understood to be of brick construction under a tiled roof. It is believed to date from the 1980s and benefits from UPVC double-glazed windows and doors throughout as well as an oil-fired central heating system with a new boiler installed in 2019.

The bungalow stands in grounds of 4.6 acres which comprise gardens with an orchard, garaging, kennels, a compound and substantial buildings. In addition is a meadow/paddock and beyond this, woodland with a pond. It is ideal as a smallholding, for those with livestock or horses, and for others who wish to use the buildings/compound for their business.

Within the bungalow itself is a hallway off which are the kitchen/dining room, sitting room, bedrooms, conservatory, and bathroom. The sitting room has an outlook over the front driveway and has a brick fireplace. From here there are double doors leading to the kitchen/dining room. The kitchen has high and low-level wall units, a granite effect work surface and a one and a half bowl stainless steel sink. In addition is a free-standing gas double oven with gas hobs. Off this is a spacious, triple aspect boot room/utility room. This has low-level wall units, a safe, space and plumbing for a washing machine and is home to the oil-fired boiler. Within the hallway is an airing cupboard with a modern hot water cylinder. There are doors to the three bedrooms, one of which is being used as a study. In addition is a conservatory which is of UPVC construction under a polycarbonate roof. This enjoys views over the garden. There is also a bathroom with bath, shower, handwash basin and WC.

The outside

Gates provide access to the driveway which leads to ample off-road parking to the front of the bungalow. It should be noted that there is also a service entrance off the highway to the south-east which provides easy access for the oil tank, propane gas tank and septic tank. In addition, there is a further access point off the road providing a direct entrance into the meadow/paddock and on to the woodland.

Adjacent to the front parking area is the double garage. This has two up and over doors to the front and measures 18' 1 x 17' 9. In one corner is a cloakroom with WC. The garage is linked to the house by a covered area and also a covered pergola which overlooks the rear garden. Also adjacent to the double garage is a prefabricated garage (the fruit store) and double gates that lead to the rear garden. Immediately adjacent to this is the mower store and a range of kennels. The more formal gardens are to the south-west and south-east of the bungalow. These are laid to grass and contain an orchard. The lawn wraps round to the rear of the dwelling where there are vegetable beds, oak trees, a fruit cage, greenhouse and access to the meadow/paddock. In addition, there are double gates leading to the compound. This was previously an aviary and has high level fencing providing an excellent level of security. It measures approximately 120' x 58'. Adjacent to this are the buildings. The main building is L-shaped and is of metal frame construction with corrugated elevations and roof. It measures approximately 46' x 23' plus 39' x 22'. It has a concrete floor. Power is not currently connected. Adjacent to this is a further building which was used as stalls for the aviary. This is predominantly of timber frame construction with timber elevations under a corrugated roof. In total it measures approximately 63' x 14'.

Beyond the bungalow, gardens, buildings and compound is the meadow/paddock and woodland. The meadow/paddock is fully fenced with high level post and wire which is stock proof. It extends to approximately 1.1 acres. The belt of woodland beyond extends to approximately 2.3 acres and contains mature native trees as well as a pond and field shelter nissen hut. In all, the grounds extend to approximately 4.6 acres.

Coopers Wood, Thorington

Approximate Gross Internal Area = 120.2 sq m / 1293 sq ft
Garage = 31.3 sq m / 337 sq ft
Total = 151.5 sq m / 1630 sq ft (Excluding Covered Area)

Viewing Strictly by appointment with the agent.

Services Mains water and electricity. Oil-fired central heating system and propane gas for the oven. There was a gas connection to the fire in the sitting room but this has been disconnected. Private drainage system (whilst it is believed that the septic tank works in a satisfactory manner, it is unlikely to comply with the modern regulations. A buyer should budget to install a new, complaint sewage treatment plant. This has been taken into account within the guide price).
