Description

17 Hercules Road is a modern four bedroom mid terraced house with brick elevations under a pitched tiled roof. Built in the mid 2000s, it forms part of the popular Rendlesham development which is a family orientated community made up of original houses from the Bentwaters air base and a mixture of more recently built houses.

The accommodation is well laid out and over two floors. Entering via the front door into a spacious hallway there are doors off to the principal reception rooms. These include a sitting room which has French style doors leading to the conservatory, which benefits from underfloor heating. There is also a dining room, which is currently used as a family room/office, and a kitchen, fitted with a range of wall and base units incorporating a one and a half bowl stainless steel single drainer sink unit with mixer tap over and recessed into rolltop worksurfaces. There is a gas hob with extractor fan over and built-in electric oven under, as well as space and plumbing for washing machine and dishwasher. The kitchen also has a door to the conservatory.

Stairs rise to the first floor landing with doors off to the principal bedroom, which has an en-suite shower room, three further bedrooms and a bathroom.

The property benefits from gas fired central heating throughout and UPVC double glazing throughout.

A pathway across the front garden leads to the front door. The front garden is enclosed by hedging with a gate for access.

To the rear of the property is an enclosed garden which is mainly laid to lawn with a paved terrace and a raised sitting area with raised flower beds. A path from here leads to the personnel door of the single garage, which also has an up and over door to the front. There is additional parking space on the driveway.

The property would make an ideal family home, but has also been an investment property for many years, and therefore could continue to make a sound investment.
