Description

Christmas Cottage is a pretty Grade II Listed timber framed period cottage with colour washed elevations, under a pantile roof. The cottage is presented in good order and has well laid out accommodation over two floors.

Entering the property from the front door into the sitting room, there is a large red brick inglenook fireplace and painted floor boards, from here there is a door to bedroom three. This is currently used as a single bedroom, but could be used as a home office and has a window to the rear and exposed beams. From the sitting room there is also an opening through to the kitchen/breakfast room. This is a well appointed room with a matching range of fitted base units, one and a half bowl ceramic sink unit with mixer tap over, four ring electric Neff hob with electric oven under, space and plumbing for a dishwasher and a built-in larder cupboard. Steps from the kitchen lead down into the utility room which has a door to the side garden and space for appliances. There are also steps to the ground floor bathroom, which is fitted with bath, pedestal basin and WC. The agent has been informed that there is a cellar which can be accessed from the bathroom. Stairs rise from the first floor to the landing/bedroom two. This is a large double bedroom with skylight to rear and painted floors. There is a window to front and a built-in cupboard with hanging rail and shelving. A low door gives access to the principal bedroom with skylights to the rear and window to the front, painted floor with freestanding rolltop bath with mixer tap over and shower attachment and discrete WC and basin.

The property benefits from oil fired central heating.

Outside, the cottage is approached from the highway via a pathway leading through the gardens to the front door, but also giving access to two useful brick outbuildings with pan tiled roofs with power and lights. There are cottage style gardens to front and side with an area of raised decked terrace which are all enclosed by hedging and a brick wall.
